**Agents already pay tools per call.
Price and payout can change —
without a receipt, you have
nothing to re-check.**

When agents pay tools and MCP servers.

Measure before they sign. Keep a signed receipt. Re-check free anytime.

An attach layer for paid agent tools — not an orchestrator, not Yellow Pages.

01

Measure

Read the listed price and payout of a host before your agent signs.

02

Signed receipt

Keep a signed receipt of what was listed and measured.

03

Re-check free

Re-check any receipt free, anytime.

One desk maps the hosts your agents call — listed + measured facts, and signed receipts you keep.

GUARD

Guard

Attach free, before they sign. Hostname only.
Warns by default. Not an agent runtime.

DESK

Desk

Map your fleet. The habit plane for the hosts your agents call.

Attach Guard free → map your fleet on Desk.

A signed receipt you keep.

Listed + measured facts, signed. Re-check it free, anytime.
